3-LAYER CONSTRUCTION

Model GD2SU with Ultra-Grain® Oak Medium Finish Paint Option
The Gallery® Collection three-layer construction provides exceptional strength, energy efficiency and dent resistance as well as a beautiful carriage house appearance. The 2” or 1-3/8” thickness of Intellicore® polyurethane or bonded polystyrene insulation and thermal break makes these doors heat and cold resistant while the tongue-and-groove joint helps seal out wind, rain and snow. Available in short and long panels with multiple window options, the three-layer Gallery® Collection is virtually maintenance-free, so the first fabulous impression becomes a lasting impression.

**intellicore® insulation technology**

**Warmer. Quieter. Stronger.**

Gallery® Collection doors featuring Intellicore® insulation technology represent the ultimate smart choice for homeowners. Clopay’s Intellicore® is a proprietary polyurethane foam that is injected into a garage door, expanding to fill the entire structure. The result is a door with incredible strength and durability. Its dense insulation also produces a quieter door, and with one of the industry’s leading R-values of 18.4, it provides year-round comfort and improved energy efficiency. Smart, indeed.

- Mocha
- Brown
- Black

*Popular in select markets, Glacier White is a brighter white.

Exterior steel on standard color doors has a natural woodgrain texture.

Doors can be painted to match the home’s exterior using a high-quality latex exterior paint. Do not use oil-based paint.

CUSTOM PAINT OPTION

COLOR BLAST®

Color Blast® offers more than 1,500 Sherwin-Williams® color options to complement your home. Clopay’s durable two-part paint system has been thoroughly tested and is backed by a five-year warranty.

ULTRA-GRAIN® PAINT OPTION

- Painted steel surface simulates a real stained door without the need of staining and the ongoing maintenance of wood.
- Oak woodgrain runs horizontal on stiles and vertical on panels for an authentic, natural look.
- Available in Medium, Dark, Walnut or Slate finishes that complement Clopay Entry Doors, shutters and other exterior stained wood products.
- Exterior steel surface on an Ultra-Grain® painted door has a stucco texture to create a more natural woodgrain appearance.
- Window frames, grilles and inserts are color matched to coordinate with the Ultra-Grain® patterns. All window options are available.

Model GD1LU: Shown in Ultra-Grain® Oak Slate Finish with Brite on ARCH1 Windows.

### Additional Features

- Large authentic arch window designs. Ultra-Grain® window frames, grilles and inserts are color coordinated to Medium, Dark, Walnut and Slate finishes.
- Hot-dipped galvanized steel interior and exterior skins with a baked-on primer and top coat help ensure a virtually maintenance-free door with long-lasting beauty.
- Replaceable vinyl bottom weatherseal in a rust-resistant aluminum retainer helps seal out the elements.
- 2" thick polyurethane doors and all Intellicore® doors comply with 2015 IECC air infiltration requirement of 0.40 cfm/ft² or less (IECC, Section C402.5.2).
- See your Clopay Dealer for WindCode® door availability.

### Windows

Windows are available single pane or insulated in clear, frosted, seeded, obscure and rain designs. Clear acrylic also available.

† Does not open properly if installed near the top depending on opening dimensions and lift type. See your Clopay Dealer for more details.

**A FOCUS ON green**

Clopay is committed to designing, manufacturing and distributing garage doors that enhance the beauty, safety and value of your home while minimizing the impact on the environment.

The Gallery® Collection three-layer construction helps conserve natural resources by providing a durable, reliable, low-maintenance, energy efficient door. Long-lasting steel doors and hardware are impervious to moisture and will not rot, warp or crack, and the steel used in Clopay’s doors is made from over 75% recycled content. All Clopay doors are made in the U.S., minimizing shipping, damage and handling.
